### PRODUCER

Kintu wines are carefully sourced from the Central Valley in Chile. The word "Kintu" is taken from local dialect and translates as "fine view". The rolling hills and plains of the Valley have been important for viticulture for the last two hundred years and have played a key role in the development of the Chilean wine industry. Vineyards are fanned by cooling ocean breezes and protected by early morning mists, allowing the grapes to maintain their natural acidity whilst attaining full ripeness.
